Per the Transportation Student Handbook, page 9, it states that Elementary students (K-3<sup>rd</sup>) will be returned to the transportation office if there is not a parent/guardian present to receive the student at his/her destination. However, if you would like to grant your child permission to walk home with an older sibling or designate another parent/guardian to pick-up your child from the bus stop, we would request written permission. Please fill in the appropriate blanks and return this to your bus driver so we may keep it on file. Any questions, please contact the Transportation Department at (517-543-3400).

I grant \_\_\_\_\_ permission to get my child/children from the bus stop.
